MULTI GRADE OIL FOR GASOLINE ENGINE

## Product Description

DRAGON SF/CF is multi-grade engine oil for all gasoline engines. It suitable for recent technology engines (multi-valve, turbocharged, with/without catalytic converter) and vehicles requiring performance specification API SF/CF

## Applications

- All gasoline engines, especially for most recent technology engines (multi-valve, turbocharged, with/without catalytic converter) supercharged or not, in cars
- Suitable for all journeys (in town, on highways) and particularly in severe conditions
- For all driving styles, vigorous speeds in all seasons

## Features and potential benefits

- Meets API SF/CF requirements, guarantee of an high and constant quality for lubricants
- Ensures easy cold start due to its extreme fluidity at low temperature and maintains a very resistant oil film even at extremely high operating temperature
- Protects mechanical parts and fully preserves the engine power, thus contributing to its youth and strength.

## Performance level

- API : API SF/CF
