

S-OIL SEVEN TRACTOR FLUID

PREMIUM MULTI-FUNCTIONAL UTTO FOR AGRICULTURAL EQUIPMENT

Product Description

S-OIL 7 TRACTOR FLUID is designed for use in agricultural or off-road equipment fitted with transmissions, hydraulic systems and oil-immersed brakes requiring UTTO (Universal Tractor Transmission Oil). The performance meets the strict requirement of leading manufacturers including John Deere and New Holland etc.

Applications

- Agricultural tractor transmission, hydraulic system and oil-immersed brake
- Transmission fitted in off-road equipment requiring UTTO lubricants
- Not to be used as an engine oil

Features and Potential Benefits

- Optimized additive combination helps protecting gears and hydraulic component in equipment
- Excellent extreme pressure and anti-wear characteristics provide reliable operation
- Controls friction properties to ensure the smooth and comfort operation of wet brake
- Helps improving an efficiency of hydraulic system fitted in equipment
- Outstanding oxidation and thermal stability prevent a formation of oxidation products, sludge and varnish
- Shear stable oil maintains proper film thickness for oil's life

Performance Level

- John Deere JDM J20C/D
- Case
- New Holland
- Ford
- AGCO Allis
- Massey Ferguson

Typical Properties

Test Items	Method	Unit	Properties
Specific Gravity	ASTM D1298	-	0.8752
Viscosity	ASTM D445	cSt	58.6
	ASTM D445	cSt	9.46
Viscosity Index	ASTM D2270	-	144
Flash Point	ASTM D92	°C	234
Pour Point	ASTM D97	°C	-38
